M'silot

Phyllis Rosenthal, Director of M'silot/Pathways

M'silot/Pathways, GHA's school-within-a-school, had an exciting year of growth. The children successfully absorbed their tailor-made curriculum, and the results were outstanding, both in and out of the classroom. We were thrilled that among GHA's winners in the annual JES Jewish Heritage project was our own 1M class, which took first place in the K-1 category with their amazing mural, "Purim Parade."

Our fourth grade transition class, the first ever, was a great success. With next year continuation of a fourth grade transition class and the addition of the fifth grade transition class, we know that, even more than before,

we will be better meeting our students' needs. Further, with the addition of our new M'silot kindergarten class, we will be better able to serve children in the Jewish community. Our thanks go to the Jewish Federation for the grant that helps make this possible.

This year we've also seen our faculty and our program win public recognition. Our open houses earned accolades from the community professionals and fellow educators who were present. Two of our teachers made presentations for community preschool educators at the Preschool Kallah and four teachers have been invited back to make a presentation next month at the International Dyslexia Association, Georgia Branch, at Lovett School. Two of M'silot's faculty have had the honor of being selected to speak at the International Dyslexia Association conference in Philadelphia this November.

Thank you for allowing us to make this happen.
